

SATHIYA KARTHICK

Software Engineer | Web Developer

@sathiyakarthick.r@gmail.com | 9176153445 | linkedin.com/in/sathiya-karthick-5975081b2 |

SUMMARY

Goal-oriented Software Engineer with 3.5 years of professional experience in software and web development. Skilled in designing, developing, and maintaining scalable, high-performance applications. Proven ability to collaborate with cross-functional teams and clients to deliver robust solutions that meet functional and business requirements. Proficient in HTML, CSS, JavaScript, PHP, and other web technologies, with a strong focus on user experience, responsive design, and code maintainability.

EXPERIENCE

SOFTWARE ENGINEER | CURRENT EMPLOYER | SEPTEMBER 2023 – PRESENT

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
- Maintained existing software systems by identifying and correcting software defects.
- Developed scalable and maintainable code, ensuring long-term stability of the software.
- Collaborated with clients to define solution requirements.

WEB DEVELOPER | PREVIOUS EMPLOYER | OCTOBER 2021 – AUGUST 2023

- Designed, developed, and deployed dynamic and responsive websites.
- Improved user experience by implementing modern web technologies and best practices.
- Worked closely with clients to gather requirements and deliver tailored web solutions
- Ensured website security and performance optimization.

Education

B.COM IN BACHELOR OF COMMERCE | JUNE 2019 | AM JAIN COLLEGE MEENAMBAKKAM

Skills & Expertis

Programming Languages : PHP, Python, JavaScript

Frameworks & Libraries : React.js, Laravel, jQuery

Mobile Application Development : Flutter , React Native

UI/UX Design Frameworks : Bootstrap, MUI (Material-UI), MDBBootstrap

Testing : Unit Testing

Database Management : MySQL, PostgreSQL

Development Tools & Platforms : GitHub, VS Code, Sublime Text, Postman, Pycharm

Operating Systems : Ubuntu, Windows

Additional Skills : Scripting & Automation, Cron Job Scheduling

Project

DMN-WESTINGHOUSE ERP

□ **Technology:** Odoo (Python, XML, PostgreSQL)

- Custom module for pricing and taxation of industrial components.
- Automated import/export price, tax, and discount calculations.
- Integrated with sales and invoicing for global compliance.
- Scalable design tailored to complex business needs.

Custom Moodle Plugin – Proflujo LMS

□ **Technology:** PHP, MySQL, Moodle API, Bootstrap

- Built custom plugin to extend Moodle's LMS features.
- Added subscription plans, filtering dashboards, and role-based access.
- Designed responsive UI and integrated seamlessly with core functions.
- Improved admin efficiency with advanced filtering and reporting tools.

Kennel Club of India – Dog Registration Module

□ **Technology:** Odoo (Python, XML, PostgreSQL)

- Developed module to manage dog registrations and certificates.
- Included vaccination, lineage, and owner data with photo uploads.
- Automated approval, certificate generation, and number assignment.
- Enabled role-based access for vets, admins, and users.

Task Management System (Mobile App)

□ **Technology:** Flutter (Frontend), PHP (Backend), SQL (Database)

- Built a mobile app for assigning, tracking, and approving tasks across teams.
- Developed a cross-platform mobile app for task creation, assignment, and tracking
- Backend powered by PHP APIs with SQL database integration for efficient data handling.
- Features include real-time updates, notifications, deadlines, and priority tagging.
- Designed for team collaboration with user authentication and role-based access.

Events Management System

□ *Technology: PHP, MySQL, HTML, CSS, JavaScript*

- *Created platform for event scheduling, registration, and payments.*
- *Built dashboards for real-time stats, attendee management, and notifications.*
- *Added tools for engagement: feedback, reminders, and check-ins.*
- *Responsive and cross-browser compatible design.*

Dosetrack – Radiation Dose Monitoring System

□ *Technology: PHP, Laravel, MySQL, Blade, HTML, CSS, JavaScript*

- *Supports ALARA compliance through accurate dose tracking and automated high-exposure alerts.*
- *Integrated with hospital systems (RIS/PACS) for seamless data synchronization.*
- *Designed responsive, role-based dashboards for healthcare professionals.*

Activities and Interests

travel, Theater , Video games and art

Certifications

- Udemy: The Complete 2024 Web Development Bootcamp (Completed)
- Simplilearn: Python for Beginners (Completed)
- Simplilearn: React.js for Beginners (Completed)
